Subject: Roadway Design Guidelines Revisions and Amendments
Revisions and Amendments # 7, 8 and 9 to the Roadway Design Guidelines are herewith issued.

The revisions are briefly as follows:

- # 7 - incorporates supplemental guidelines on 30-50 ft median widths for rural controlled-access highways;
- # 8 - the AASHTO Roadway Design Guide reference is amended to include updated Chapter 6 on Median Barriers;
- # 9 - the minimum median width for rural divided highways has been revised from 46 ft to 50 ft.

Please forward this update to all users of the Roadway Design Guidelines in your respective Groups, Sections, and Districts.

The Roadway Design Guidelines with the Revisions and Amendments can be accessed on the Roadway Engineering Group website at:
